**DESCRIPTION OF WORK**

Work to be performed on the City Right-of-Way (indicate dimensions and details of the proposed work)

The Owner/Developer and Contractor agree to comply with the regulations of the City of Carbondale, with regard to the installation of any sidewalks, driveways, curbs, gutters, culverts, trees, landscaping, and/or any other structure or improvement on the public Right-of-Way as required by the Carbondale Revised Code and Public Works Engineering Department.

**SIDEWALK INSTALLATION CRITERIA**

<input type="checkbox"/>	City sidewalk deferred at this time	<input type="checkbox"/>	City sidewalk required prior to occupancy or within ____ days
<input type="checkbox"/>	Other _____		

**SIDEWALK AND DRIVEWAY DESIGN CRITERIA**

- Sidewalks within the public right-of-way must have a minimum width of 48 inches, a minimum thickness of 4 inches and a maximum cross slope of 1:50 (2%), and a maximum longitudinal slope of 1:12 (8.33%).
- That portion of the sidewalk which extends through a driveway shall be a minimum of 6” thick and comply with the above provisions for width, cross slope and longitudinal slope.
- The portion of a driveway that is on public right-of-way shall be a minimum of 6” thick.
- All sidewalks and driveways shall be constructed of Portland Cement (P.C.) concrete with a minimum compressive strength of 3,500 psi.
- No driveway entrance or sidewalk on public right-of-way shall be poured without prior notification and inspection by the City of Carbondale Engineering Division; please call (618) 457-3270 at least 48 hours prior.
- The owner/developer and/or contractor shall contact J.U.L.I.E. at (800) 892-0123 or 811 a minimum of 48 hours prior to commencing any work.
